

Name _____

Pre-Lab: Skulls & Evolution

1) Figures 8.74, 8.75, and 8.76 in the Lab Atlas show a cat skull; figures 9.12, 9.13, 9.14, and 9.15 show a human skull. Based on these figures and the chart on page Skulls-5, answer the following questions.

a) Briefly compare and contrast the size and shape of the canine teeth of humans and cats.

b) Briefly compare and contrast the size and shape of the molars of humans and cats.
